IAQ®
Your Total Facility Solutions Provider

The cleanroom, and the whole fab around it.

One integrated solution.

Roof
Deck, parapets and roof drainage

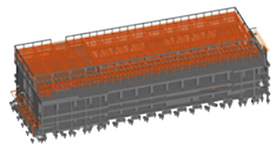

Plenum
Air handling, ductwork, fan filter units

Cleanroom
Process tools on the raised floor

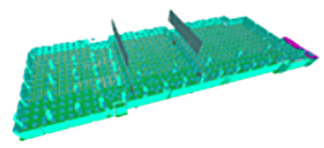

Clean sub-fab
Utilities, pumps and pipework

Dirty fab
Plant on the piled foundation

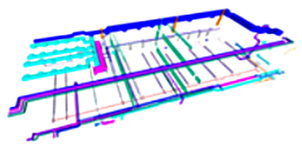

Engineering, Procurement & Construction

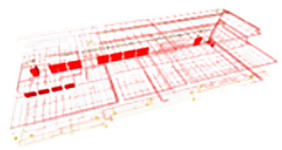

Civil, structural and architectural

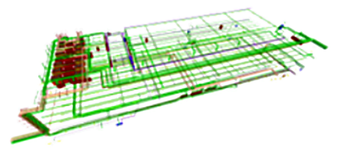

Cleanroom architecture

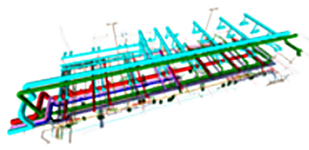

Mechanical ACMV

Fire protection

HT, MV and LV electrical and FMCS

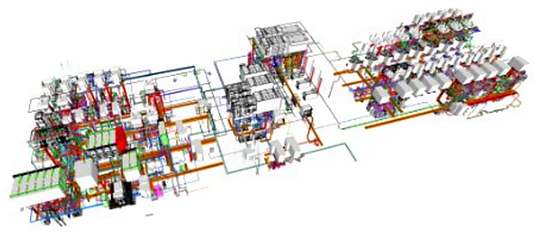

Process critical utilities: CDA, PCW, PV, HiVAC, PEX, chemical and gas, UPW, WWT

Our EPC services cover the entire facility lifecycle, from engineering and design to construction, commissioning, completion and maintenance: integrated solutions for hi-tech industries.

Process Critical Utilities & Total Tools Installation Solutions

Delivering end-to-end EPC solutions for semiconductor facilities, from critical utilities to tool installations: accelerating fab start-up with precision and reliability.

Tools hookup

Process critical utilities

Water solutions
Chemical and slurry solutions
Gas solutions
Process exhaust solutions

Tool installations hook-up

Bulk gas
Specialty gas
Process chemicals
Ultra pure water
Process cooling water
Process drain
Process vacuum
High vacuum
Process exhaust
Gas detection and monitoring
Electrical power and controls

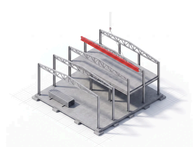

One roof, every stage.
