Three units,
one accountable team.

EPC

Engineering, Procurement and Construction

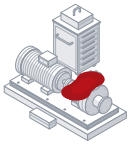

Cleanrooms and the whole facility: EPCC, or EPCM for the largest programmes.

PCU & TTI

Process Critical Utilities & Total Tool Installation

Bulk gas, chemical, water and exhaust systems, then each tool connected, inside a fab that keeps running.

EFM

Energy Facility Management

Runs and maintains the plant, and brings its energy bill down.

31
years building controlled environments

7
countries with an IAQ office, Germany among them

250+
projects completed

1,050,000 m²
of cleanroom built

IAQ Engineering (DE) GmbH, Dresden
